To all Sub-contractor and Supplier

## **Subject: ISO 45001:2018– Occupational Health and Safety Management System**

Many organizations aimed to enhance the awareness on occupational health and safety of staff, visitor and subcontractors during work.

The existence of the ISO 45001 standard provides a systematic management system for us to fulfil such aims.

Menzies Macau Airport Services Ltd. implemented the Occupational Health and Safety System and we need the support and cooperation of our sub-contractor and supplier and they are as follows:

1. Comply with legal requirements and our company requirements when working in our site
2. Ensure your employees aware of Occupational Health and Safety
3. Prevent the injury and ill health
4. The certification may become the primary requirement for business co-operation in many regions or industries. If you have been certified, please provide us with a copy of your certificate or your plan to go for ISO 45001 certification or relevant certification.

We look forward to continuing our business relationship while protecting person from any accident and maintaining a healthy and safe working place.

Yours sincerely,
